

MD ABDUS SAHID

React Developer | 5 Years Experience

Email: officialsahid1997@gmail.com | Phone: +91 75850 44149

PROFESSIONAL SUMMARY

React Developer with 5 years of hands-on experience in building scalable, responsive, and user-centric web applications. Specialized in modern React (Hooks, Functional Components, State Management) with strong expertise in UI optimization, API integration, full-stack workflow integration, and Agile delivery.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), HTML5, CSS3, Java, OOP
- **Frameworks & Libraries:** React.js (Hooks, Functional Components, React Router, Redux/State Management, Suspense & Error Boundaries, Component Optimization, Responsive UI)
- **AI Tools & Capabilities:** Prompt Engineering, Claude, ChatGPT, GitHub Copilot, Copilot CLI, AI-assisted Debugging & Code Optimization
- **Backend & Database:** AWS Lambda, RESTful APIs, MongoDB, PostgreSQL
- **Developer Tools & Methodologies:** Git, GitHub, Postman, Swagger, VS Code, CI/CD, Agile (Scrum), TDD

WORK EXPERIENCE

React Developer — Capgemini India

Oct 2021 – Present

Project: RGA Nexus | Client: Reinsurance Group of America (RGA)

- Developed scalable, high-performance, and reusable UI components using modern React principles.
- Integrated complex RESTful APIs and implemented efficient state management architecture to ensure smooth data flow.
- Collaborated seamlessly with cross-functional Agile teams for requirement gathering, technical design, and feature delivery.
- Supported SIT/UAT phases, resolved critical production bugs, and ensured seamless software releases.
- Built cloud backend workflows using AWS Lambda and designed efficient schemas for MongoDB and PostgreSQL databases.

Project: Blaze — AI Code Writing Assistance

- Architected and developed an AI-powered tool to automatically generate UI components from natural language prompts using Figma designs.
- Automated enterprise boilerplate code creation, significantly reducing development cycles and improving codebase consistency.
- Integrated the Blaze tool into existing developer workflows across teams to accelerate project delivery timelines.

CERTIFICATIONS

- CCDV-F: Claude Certified Developer – Foundations — Anthropic
- CCAO-F: Claude Certified Associate - Foundations — Anthropic

KEY ACHIEVEMENTS

- **STAR Award** — Recognized for exceptional project execution and engineering contribution at Capgemini.
- **WOW Team Excellence Award** — Received for outstanding cross-functional collaboration and delivery excellence.
- **1st Place Winner** — Internal Hackathon — Designed and built an award-winning innovative prototype within strict timelines.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering

2020

ADDITIONAL INFORMATION

- **Soft Skills:** Analytical Thinking, Adaptability, Cross-functional Collaboration, Problem-Solving, Technical Communication
- **Languages:** English (Professional), Bengali (Native), Hindi (Fluent)
